REVISIONS

Detail A

TYP CORNER DET.

Detail B

ADDED BARS AT OPENINGS AND RECESSES

Notes to Detail B:

The following Notes do not apply where otherwise shown

1. For length of bars, spacing, and other details see 8-ABI-7.
2. Provide horiz. and vert. edge bars shown at recessed face for recesses, and at each face for openings.
3. Place diagonal bars shown in the middle of the thickness of the wall.
4. Omit horiz. and vert. edge bars for openings or recesses 2'-0" or less in diameter or diagonal dimension.
5. For openings & recesses 1'-0" or less in diameter or diagonal dimension, omit all added bars shown. Bend reinf. around opening, do not cut.
